## **ABOUT US**

IRIS Corporation Berhad (KLSE: IRIS) is a global security solutions provider and multiple award-winning innovator. IRIS is the first company in Asia to set up fully-integrated manufacturing facilities for Contact and Contactless Smart Cards, Contactless Document Inserts and assembled Module in Tapes and Reels. IRIS is a Microsoft® Business Partner, and provides a full range of smart cards readers, integrated terminals, card personalization equipment and biometrics scanners. IRIS is also a leader in digital conferencing systems and entry-point security automation.

IRIS pioneered the world's first electronic passport and national multi-application smart card with the implementation of the Malaysian Electronic Passport in March 1998 and MyKAD — the Malaysian Government Multi Purpose Card in April 2001. IRIS continues to deploy these high-tech security solutions in many countries across Asia, the Middle East and Africa.

The company's goal is to achieve customer satisfaction through excellence in services and manufacturing. It is committed to contribute to the Multimedia Super Corridor (MSC) and development of industry. IRIS Corporation Berhad is a MSC Status company, traded publicly on the Kuala Lumpur Stock Exchange.
